The work session was called to order by the Chairman, Scott Rugen. Items discussed are as follows:

Historic – the Historic Commission would like the Board of Supervisors to formally recognize two historic villages in Upper Oxford Township. Namely, Russellville and Homeville. Blair supplied a graph identifying historic parcels throughout the township. The boundaries of the villages would be identified by a resolution passed by the Board of Supervisor and protection measures will be considered. Homeville village will hold an event on Sunday, August 2, 2026 around 1:00 P.M. The village residents will be invited. Blair informed the Board that an event may be held in the fall at Russellville. The Supervisors asked Blair if other townships were having similar discussion. Blair informed them that Upper Oxford was the only active commission. This will be placed on the Board of Supervisor's agenda for their June 13th meeting. Additionally, demolition permits were discussed along with expanding the time frame for a permit to be issued.

DATA CENTER – Scott presented an article regarding data center and the negative results they would have on the surrounding areas. The township will research and get samples regarding data center ordinances.

STORM WATER MANAGEMENT – Charlie stated that we need to clarify requirements for conservation plans and riparian buffers in our storm water management ordinance.

SOLAR ORDINANCE – Scott will check with Tom regarding the status of this ordinance.

GRIST MILL BID – Scott will check with Tom regarding the status of advertisement for the Grist Mill bid project

OPN – Scott will send a letter to David Lair regarding preserving his five (5) acre property.
